

AMERICANS AT YOKOHAMA AMONG QUAKE DEAD

ITALY OPPOSES LEAGUE ACTION

NOT QUALIFIED TO INTERVENE CLAIMS ENVOY

Council Adjourns to Decide Action After Dispute is Submitted by Greek Representative

GREECE URGES APPOINTMENT OF TWO NEUTRAL COMMISSIONS

Proposes Indemnity for Slaying of Italians be Fixed by Mixed Body

GENEVA.—By The Associated Press.—Italy's representative, Signor Salandra, told the council of the league of nations today that Italy would regard intervention of the league in the Greek-Italian crisis as unjustified. The league, he asserted, has no competence in the affair, which belonged properly to the inter-allied council of ambassadors.

M. Politis, former Greek foreign minister in reply, said Greece had no desire to escape her responsibilities and showed her good faith by requesting the appointment of neutral commissions of investigation.

A crowd clamored before the doors of the room where the council was convened, struggling for admission and the ushers were often swept away as the eager visitors, including many women, formed flying wedges and surged into the chamber.

Signor Salandra's statement created a sensation in the council chamber, which had many Americans among the spectators.

Lord Robert Cecil of England, added a sensation by insisting articles 10, 12 and 15 of the covenant should be read immediately, and by declaring that if these articles were to be disregarded, the whole settlement of Europe would be shaken.

The articles were cited by Greece as the basis of her appeal to the league and stipulate that the council has a clear right to an investigation when there is danger of rupture between any member states.

Further discussion of the Greek-Italian crisis was adjourned in order to give the members of the council an opportunity to examine the Italian declaration and decide on their future attitude in the crisis, which is generally regarded as having been aggravated by Signor Salandra's pronouncement.

Propose Neutral Missions
In placing before the league the Greek proposal for a settlement of the dispute with Italy, M. Politis urged the appointment of two neutral commissions, one to supervise an investigation to establish the responsibility for the assassination of the Italian members of the boundary commission, and the other to supervise the trial and punishment of the guilty when their identity is established.

He also proposed that the amount of the indemnity be fixed by a commission composed of one Italian and one Greek.

WEATHER REPORT

For La Crosse and vicinity.—Generally fair tonight and Thursday. Not much change in temperature.

For Wisconsin.—Partly clear tonight and Thursday. Not much change in temperature.

For Iowa.—Generally fair tonight and Thursday. Cooler in northwest portion tonight.

GERMANY AT END OF ROPE READY TO GIVE UP POLICY OF RESISTANCE IN RUHR

Berlin Opinion Indicates Government Will Soon Take Initiative in Proposing Official Discussion With French and Belgian Governments

BERLIN.—By The Associated Press.—Germany has arrived at the end of her tether so far as her further ability to finance passive resistance is concerned. This is the current impression in banking circles which expect Germany in the next few days will take the initiative toward proposing that official discussions be begun with French and Belgian governments.

That the Ruhr and the Rhineland fight has been lost by the government and the army of German resistors now is also tacitly admitted in political circles, although the press has not yet discussed the situation with which the government is confronted. It is believed, however, that the German editors have been informed by Chancellor Stresemann that the government would seek to force a solution of the Ruhr conflict in the near future.

The situation in the occupied areas also is steadily becoming worse both in respect to economic conditions and the temper of the resistors who no longer are able to maintain the solidarity necessary for a united front.

Paper Urges Action
BERLIN.—"Nobody will blame Germany for seeking a direct understanding with her western neighbor now, after appeals to the world conscience and Cuno's reliance upon Anglo-Saxon intervention have proven futile," says the Vossische Zeitung Tuesday in the course of an emphatic editorial, in which it approves Chancellor Stresemann's efforts to make a political and economic peace with France.

The newspaper says that Germany has lost valuable time in waiting for English and American relief, which failed to materialize, and urges the present government promptly to abandon the policy with which the Cuno cabinet "wasted valuable time."

Separation in Rhine
DUSSELDORF.—A Mayence dispatch to the Dusseldorf Nachrichten says the inter-allied Rhineland high commission is contemplating an order that all local money in the occupied territory must be of uniform appearance, the only distinguishing feature being the name of the town issuing it, and that it must be acceptable throughout the occupied area. The newspaper believes this is the first step toward establishing a separate Rhineland currency.

Man Has Watch and Money Stolen From Room Monday Night
George C. Clements, roomer at the Johnson House on the north side, had a gold watch and \$4 in currency stolen from his room some time between 11 o'clock Monday night and 6 o'clock Tuesday morning, police reported Wednesday.

The watch was of the open face type. Police have been unable to find any trace of the stolen articles.

FORD PLANT MAKES 54 MILLION PROFIT IN FOUR MONTHS

NEW YORK.—The Ford Motor company made net profits estimated at \$54,000,000, equal to about \$315 a share on its 172,465 shares of stock, in the four months period ended June 30, 1923, according to the compilation made from the balance sheet of that date.

'ROUND TOWN—

She was a girl of about eighteen—chic, bobbed-haired, pretty, and dressed in the last word in flapper costumes. She had a little grip in her hand, and she came evidently trying to get to the Milwaukee depot in time for the noon train. She rushed into the ticket office, purchased a ticket, hurried out and down the platform, and boarded one of the waiting coaches.

And now comes the tragedy of the story. Slowly, methodically, two very large and very determined-looking policemen detached themselves from the shadows and boarded the train. A few seconds later the returned with Miss Flapper between them. She stamped her foot and argued, but all to no avail. Two cruel, cruel parents had decided that Milwaukee is no place for unprotected flappers, and two very determined policemen seemed to be of the same mind.

The little flapper searched the faces of the crowd wildly, as if for help. Nobody even gave her an encouraging look. The world seemed against her. With tears in her eyes, she picked up the little grip and started back across the platform.

Yes, it's a hard old world.

TO SEIZE FIGHT FILMS
CHICAGO, Ill.—Armed with subpoenas from the federal grand jury, a United States deputy marshal Wednesday prepared to seize the films of the Dempsey-Gibbons championship boxing match held on July 4 at Shelbourn, Mo. The motion pictures had been advertised to be shown at a downtown theater.

RED CROSS STARTS DRIVE FOR FIVE MILLION FOR JAPS

Local Chapter Asks for Cash to Aid Sufferers in Earthquake Crisis

QUOTA FOR LA CROSSE NOT RECEIVED AS YET

Money Taken at Banks and Tribune; Clothes Not Needed

No word is regard to the recent Japanese earthquake disaster has been received as yet by the local Red Cross, according to Chairman Andrew Lees, but it is expected that instructions from Washington will be received by tomorrow at the latest. The Red Cross here will be assigned a certain sum to raise, according to Mr. Lees, and a campaign will be launched accordingly.

"La Crosse has never failed," said Mr. Lees, "and I am sure she will not fail in this crisis. Owing to the speed with which this relief must be handled, contributions of clothes and food cannot be accepted. Money for the Japanese relief, however, will be accepted at all the local banks and at the Tribune office."

Fix Chapter Quotas
Chapter quotas throughout the country were fixed in Washington today as the formal opening of a campaign to raise a \$5,000,000 relief fund for sufferers in the Japanese earthquake zone.

Divisional quotas totaling \$5,250,000, the excess above the \$5,000,000 goal being fixed to permit adjustments, were announced at Red Cross headquarters last night, and divisional managers were instructed to assign quotas for all of the 3,800 chapters of the organization.

The managers of the six divisions were urged to impress on all workers of the organization the necessity of meeting the responsibility placed upon it in President Coolidge's proclamation of representing America in this crisis. Red Cross officials here expressed hope that the total would be quickly subscribed, and pointed out that the need for quick relief made it impracticable to attempt the collection of any but cash contributions. Meanwhile the organization has placed an advance relief fund at the immediate disposal of American diplomatic and consular officers in the stricken area.

Seek Americans
Despite the continued handicap of communication difficulties, the state department today was pressing its efforts to obtain information as to Americans in the stricken zone. Not only have lists of those of whom relatives and friends have sought information been sent to American diplomatic and consular officers in Japan, but consular officers stationed at other points in the Orient have been ordered to assist in the work of obtaining information as to American citizens and giving them any assistance needed.

Funds Pouring In
WASHINGTON.—Even before the appeal for funds had time to gain general circulation, the American people began pouring their offerings into the fund for the relief of Japanese earthquake sufferers. The first mail to reach Red Cross headquarters Wednesday brought a batch of checks for \$5 to \$500 and others for \$5 to \$500.

The purchasing and shipping department of the American relief administration was taken over by the Red Cross to insure expeditious handling of relief supplies for Japan.

NORMAL STUDENT THOUGHT TO BE IN EARTHQUAKE ZONE

Friends of Miss Carrie Peckham, who is teaching school in Nagasaki, Japan, are awaiting anxiously for word from the earthquake-stricken country that will tell them that she is safe. Miss Peckham attended the local normal school for several years, and is very well known in La Crosse. She was in the city a year ago, on a furlough, and at this time renewed many friendships which she made during her earlier stay here.

Miss Peckham's parents, who live in Ironton, heard from her about two weeks ago, and at this time she stated that she was to have a vacation, and planned on going into the interior. Whether she went or not is not known, but her parents expect word from her today or tomorrow. Miss Peckham is head of the college at Kuassai, a region near which there have been several shocks.

BULLETINS FROM QUAKE AREA

NEW YORK.—By The Associated Press.—Two official messages received Wednesday at the offices of the Japanese consul general estimate the casualties in Tokio and the vicinity from the earthquake at 160,000, with one million persons homeless.

One message which listed several Tokio wards virtually undamaged, was relayed by Consul Oyama at San Francisco, who received his information by way of Shanghai.

All telegraph wires to Tokio and Yokohama are destroyed and there is no means of communication with the foreign office," said the message relayed by Consul Oyama.

PERING.—By The Associated Press.—A Mitsui wireless message received here Wednesday from Japan estimated the total casualties at Tokio at 500,000 and said the property loss was incalculable. The message said the American embassy had burned. The Imperial hotel was little damaged, it said, and has been assigned as a refuge for foreign sufferers.

WASHINGTON.—The emperor and empress of Japan as well as the prince regent escaped injury in the earthquake and are quite safe and well, according to a message received by the Japanese embassy from Tokio by way of Paris.

OSAKA.—By The Associated Press.—Water and provisions are reported still scarce in Tokio. Three persons are sharing a single piece of bread.

SAN FRANCISCO, Cal.—The liner Taiyo Maru, reported in distress Tuesday somewhere off the coast of Japan, is safe, according to a message received Wednesday by the

Radio Corporation of America. The Taiyo Maru is enroute from San Francisco to Yokohama with 500 passengers, most of them Americans.

NEW YORK.—All of the missionaries in Tokio and Yokohama of the Reformed Church of America are safe, according to a cablegram from Kobe received by the board of foreign missions of the church.

ROME.—By The Associated Press.—The Italian ambassador to Japan, G. De Martino, is reported to have perished in the earthquake.

PARIS.—By The Associated Press.—The French ambassador to Japan, Paul Claudel, is safe, aboard the steamship Andre Lebou, the foreign office was notified in a cable message from the French consul at Kobe.

LONDON.—The American steamship Solina City is reported to have been damaged and to have run ashore near Yokohama. Sunnly and Company, Japanese merchants in London, have informed Lloyd's that as far as they could ascertain, there was no great loss of shipping.

SAN FRANCISCO.—By The Associated Press.—The Radio corporation office here was advised Wednesday morning that the Fumabashi wireless station, ten miles east of Tokio, had reopened and was transmitting and receiving Japanese and American government messages.

NEW YORK.—All American and native staff members of the Y. W. C. A. in Japan are safe, according to a message to the National board from Miss Jane Neil Scott head of the Y. W. C. A. in Kioto.

PALMER, SHISLER ARE BOUND OVER TO CIRCUIT COURT

Operators of "Alderman's Grocery" Held for Trial on Two Liquor Charges

THOMAS CLEMMENS FINED \$300 AND GIVEN 30 DAYS IN JAIL

W. Kain, Town of Burns, Fined \$100 for Possessing Moonshine

"When the dry guys come to town, they start to kickin' my doghouse 'round. Makes no difference if the bulldog's gone. They gotta quit kickin' my doghouse 'round."

THIS might or might not be the complaint of Alderman Harry Palmer, as a result of his examination in county court Tuesday before Justice Clarence J. Weber, acting in place of County Judge Brindley. However, Mr. Palmer and his partner, Clarence Shisler, in the operation of "The Alderman's Grocery," were held under \$500 bail on each of two charges, illegal possession of liquor and possession for sale, for trial in circuit court.

Tough Day for Doghouse
And it surely was one tough day for the doghouse, the property of Mr. Palmer, and once the regal residence of the lately lamented building Rex, also the property of Mr. Palmer. For it was in the doghouse that the hooch, alleged by the federal dry agents to have been sold in the "Grocery," was cached.

Federal Agents Nansand and Hancock visited "The Grocery" on August 14 and 15. They asked for "shots of moon" and watched "George" go to the rear of the saloon, get down on his hands and knees, reach around outside of the rear door and then withdraw into the store with a bottle of diluted alcohol in his hand.

Liquor Cache Revealed
On August 17 "The Grocery" was raided. Agent Nansand went to the rear, just as "George" had alone. Near the door was a doghouse. He kicked it over, but rolled a bottle of hooch. There was the alderman's alleged liquor cache. And from then on the alderman's doghouse recent headquarters of the aforesaid lately lamented building Rex, assumed stellar position in the limelight of pitiless publicity and the focal point about around and over which much legal oratory was spilled by Attorneys Bleckman and Brody for the defense and District Attorney Gordon for the state.

In brief, the defense based its claim for dismissal of the charges against the alderman and his partner on the grounds that in the first case, that of illegal possession of liquor on May 17, the case that once got out of the jurisdiction of the county court and looked for a time as though it were going to be a victory chalked up in favor of the alderman, there was no evidence of sale and that therefore

100 FOREIGNERS REPORTED DEAD IN JAP SEAPORT

All Americans in Tokio are Safe, Says Report from Ambassador Woods to State Department

ESTIMATES VARY AS TO THE NUMBER OF DEAD IN QUAKE

American Admiral Places Total at 240,000; Other Reports Say 160,000 Dead

PEKIN.—By the Associated Press.—One hundred foreigners are believed to have perished in Yokohama, says a Renter's dispatch from Osaka received here Wednesday afternoon. The dead include the American and British consuls.

NAGASAKI.—By the Associated Press.—The family of the American commercial attaché at Yokohama, E. G. Babbitt, are all dead. T. De Jordis, the French consul at Yokohama also was killed.

LONDON.—By the Associated Press.—The London correspondent of the Osaka Mainichi Shimbun today received a cable message from Osaka naming as among the foreigners missing in the disaster at Yokohama, the American vice consul, Paul E. Jenks, and Commercial Attaché Babbitt.

WASHINGTON.—All Americans in Tokio are believed safe, Ambassador Woods reported on Wednesday to the state department. Estimates of the dead in Tokio were placed by the ambassador at 10,000. He stated some Americans in Yokohama had been killed. Communication with Yokohama, he said, had been opened.

Vice Consul Sam. J. Wardell at Yokohama, according to the dispatch is safe, but other members of the staff have not been accounted for.

The dispatch added that the naval hospital at Yokohama collapsed and Commander Webb was injured while some of the staff were killed.

AS the story of the Japanese disaster is unfolded in the fragmentary messages from press association correspondents, Japanese newspapers and individuals it is apparent that the magnitude of the catastrophe has not been overdrawn.

In only one dispatch has there been a suggestion that the death list will not reach the proportions already indicated. This was a message from the Radio Corporation of America in Japan which said the Japanese home office estimated the dead in Tokio at 10,000 and in Yokohama at 100,000.

On the other hand Admiral Edwin A. Anderson, commanding the United States Asiatic fleet, says the latest unofficial reports give the casualties in the capital and Yokohama as 240,000 dead and 450,000 injured.

A wireless message from Admiral Anderson to Rear Admiral Edward W. Eberle, commander of the Pacific battle fleet, conveying this information, was picked up in San Francisco. Naval officers at San Francisco believed that Admiral Anderson, who is speaking to Japanese waters, obtained advice of conditions in Japan by radio before communicating with Rear Admiral Eberle.

Another estimate, this one coming from the Eastern News agency, says that 320,000 persons have been killed in the entire district.

Fresh calamity has overtaken smitten Tokio and the terror-stricken remnants of its population. Nearly 10,000 people, seeking refuge in the yard of a military clothing factory located in a suburb, were trapped by flames and burned to death. Food and water are scarce in the capital.

Nearly 300 Shocks Felt
Two hundred and sixteen distinct shocks were felt in Tokio last Saturday, followed by fifty-seven on Sunday. The most severe tremor was of six minutes' duration.

The flames that swept the capital burned for fifty hours leaving Tokio and its environs in ruins and desolation. Fire and earth convulsions together have devastated an area of twenty

Richards Gives Big Demonstration of His Power to Answer Questions

Another flood of letters and questions greeted Richards. "The Wizard," at the office of The Tribune today, and the questions are coming in from all parts Western Wisconsin and it certainly is a wonderful chance for the people of La Crosse and its environs to be given an opportunity to have their difficulties settled for them through the courtesy of Mr. Richards. Richards opened a week's engagement at the La Crosse theatre Monday with a wonderful performance of this nature. He has a whole of a show that contains magic, music, comedy, sensational surprises, and a very elaborate display of scenery and costumes, for Richards carries a carload of effects, an excellent company and special orchestra. During the mental portion of his performance Richards demonstrates his amazing power as a psychic.

Just send in your question to Richards, "The Wizard," care of The Daily Tribune then watch for your answer. Be sure to sign your full and correct name and address although only your initials may be used in the published answer. If your answer is not there today watch for it tomorrow as all questions are answered in the order they reach The Tribune office, and additional installments will appear every day this week. Following is the third installment:

J. M.—How much longer will I remain in La Crosse? Will I get the position I applied for last Wednesday?
 Answer—You will get a letter Friday morning of this week accepting your application for position and you will leave Sunday or Milwaukee to take up your work.
 W. G.—My daughter is working in Chicago and wants me to come there. Would I be successful if I went?
 Answer—This would be a very safe and sensible move for you.
 E.—Can you give me the present address of my cousin, Florence Holland?
 Answer—Mail will reach her in care of the postoffice at Eureka, Kansas.
 M. A. M.—Will I make the change in professions which I have contemplated?
 Answer—Yes, this will prove far more satisfactory to you than to continue as you have been. I would not advise you making the change for at least another two months, however.
 K. M.—Who got my money two weeks ago?
 Answer—It was taken by the party you suspected. I do not mention names in the newspaper.
 L. D.—Is my husband going to get an auto in 1924?
 Answer—He will get a small car about the middle of next summer.
 A. G.—What will I be doing two years from now?
 Answer—You will be married and keeping house quite successfully.
 E. H. R.—Am I going to do well if I go into business with the man I am planning with and should we locate here?
 Answer—I would advise you not to enter business with this party as they are only after your money and will not be honest or fair with you. Take your papers and other legal matters of this contemplated business to a reputable lawyer and he will show you where you can and will be cheated.
 A. K.—Should I buy those lots I have been buying?
 Answer—This would be a very safe investment.
 E. M.—I have lost my wedding ring. Can you tell where to find it?
 Answer—Look in the bottom of the umbrella rack or holder in your front hall and you will find the ring. Your little girl was playing with it after taking the ring from the dresser and she accidentally dropped it in the rack and was unable to get it out.
 G. C. J.—Does my wife love me and is she true to me?
 Answer—She is absolutely true to you, but very much disgusted and discouraged over you being drunk so often. You will shortly have to give up booze or lose your wife. Take your own choice, but you will find it very hard to get another wife as good as this one.
 H. A. Mindoro, Wis.—Please give me your advice regarding some land I have in North Dakota. Is there oil on this land?
 Answer—There is a slight trace of oil near this property, but I do not see any on your particular land. However, a little later you can realize some money from leases.

E. U.—Is my friend true to me? Will I ever marry?
 Answer—He is as true as the average man his age is true to any one woman. I would not advise a marriage for you inside of the next two years.
 A. F.—What is the cause of my illness and why is my husband so indifferent toward me?
 Answer—Your illness is due to organic disorders and this also has helped some to cause your husband's actions of late. Your question is too delicate to answer in the newspaper, but if you will bring it to the matinee Friday for ladies only I will give you full particulars from the stage.
 E. B.—What is the idea toward me concerning a certain man's attention? Does he love me?
 Answer—I see no serious thoughts of marriage on his part, although he cares as much for you as any man for a woman under such circumstances. I would not advise a marriage for you during the next year.
 H. C. S.—How many more children will we have?
 Answer—I am sorry to tell you there will be no more children in your family. A necessary operation will make this condition.
 S. D. H.—Is my sister going to be successful in her work?
 Answer—Yes, fairly so.
 J. O. A.—What became of the \$25 my husband had stolen from him last week?
 Answer—This was not stolen. He lost it gambling with some of his friends. Ask Harry S. about it. He can give you the particulars.
 R. D.—My father-in-law died two years ago in Pennsylvania. Did he leave a will and would it pay us to go there to get any of the estate?
 Answer—You would not profit by the trip as it would take too much litigation to recover any of the estate which is now fully in the hands of relatives living there.
 H. H. M.—Will I get my claim from the government?
 Answer—If you push this vigorously you will get your claim through although you will not get all you are entitled to and it will take approximately one year to get it.
 This is Richards' last answer today, but additional installments will appear every day this week in the Tribune and if you have not already sent in a question do so at once as all questions are answered in the order they are received at the office of the Tribune. Richards also answers questions at the La Crosse theatre during the mind reading part of his big show of wonders, thrills and music or private question blanks may be had at the theatre ticket office.

DISCOVER NEW ICE CAVE NEAR WAUKON

WAUKON, Iowa.—An ice-cave that may become quite a rival of the ice-cave of Decorah was recently discovered by workmen on the new Postville-Waukon road, they uncovering the entrance to a large cavern in the bluffs down on Yellow river that sends out a rushing draft of ice-cold air. The cave is considerably larger than that in Decorah and it is now being put into shape for inspection by the general public. The largest chamber is about five feet wide and over eighty feet in length and the interior is so cold that winter clothing must be worn by sightseers if they want to be really comfortable there.
 Pack your basket and join your neighbors going to Lansing on the Steamer Washington, Saturday, September 5th.—Advertisement.

BLACK RIVER FALLS BOYS IN WRECK; GOT HOOCH IN LA CROSSE

Four Black River Falls youths, who came to La Crosse to celebrate the week end, ended their party in the hospital and the jail at Black River Falls, when their automobile upset between Sparta and the Falls and was wrecked. The driver and owner of the car, a new Ford bought only a few days ago, was Orlin Ringbeck. The others in the party were Clarence Heibling, Harry Pollner and George Van Ruskirk. The last three were arrested by sheriff Carlisle of Black River Falls. Accord-

ing to a report of the case made to Federal Prohibition Agent Namstad by the sheriff, two bottles of liquor were found in the wrecked car. The sheriff also said the boys had admitted getting the liquor in La Crosse. Ringbeck was the only one in the party who was injured.
 No matter how long you stay in jail you don't get a vacation. Two's company. Three's an argument.

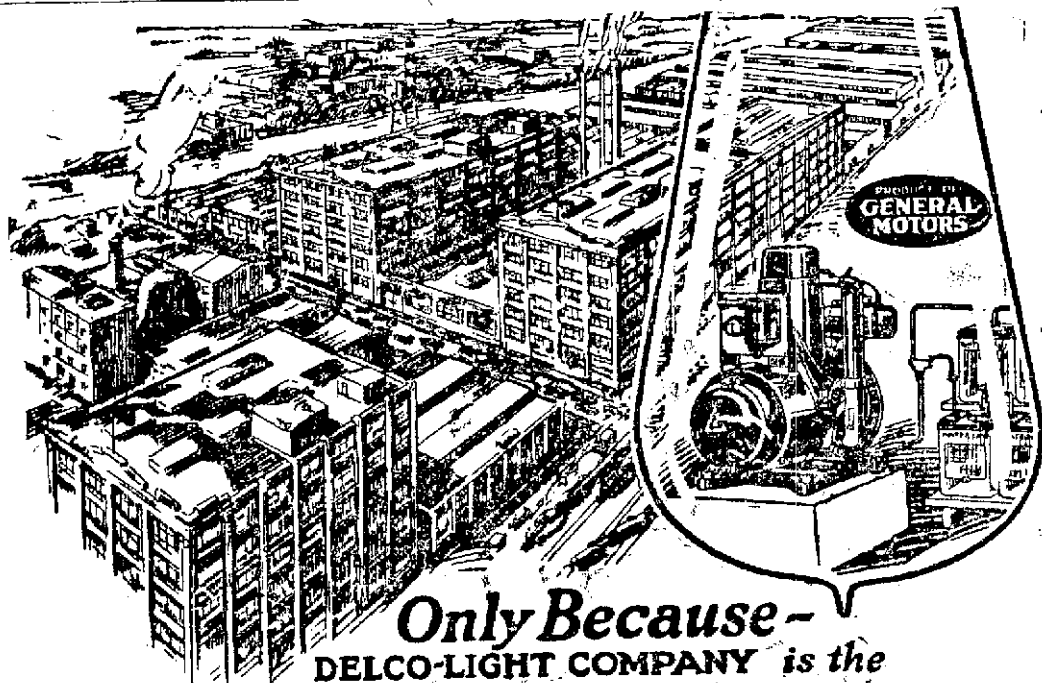

Corns

Just Say Blue-jay

The simplest way to end a corn is Blue-jay. Stops the pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plasters. The action is the same.

Only Because - DELCO-LIGHT COMPANY is the World's Largest Producer of Electric Light Plants can they make such an offer - \$539.50

Here is the installation you get for \$539.50

1. One Delco-Light Plant, the most popular size, Model 866—850 watts capacity, 32 volts (freight paid).
2. One standard Delco-Light Exide Battery with sixteen large capacity cells with extra thick plates and heavy glass jars (freight paid).
3. The installation of the Plant and Battery—except purchaser to furnish concrete base and battery rack.
4. Wiring your house for ten (10) lights to be located anywhere you wish.
5. One power outlet wherever you may want it installed in your house.
6. Standard set of ten (10) drop lights with sockets and the installation of these lights in your house.
7. Ten (10) standard electric light bulbs.

Similar outfit with smaller size plant—Model 608 \$437.50
 Sold on easy payments. Liberal discount for cash.

COMPLETELY INSTALLED for the most popular farm size plant ready to turn on the lights.

QUANTITY production makes low prices possible.

The Delco-Light Company makes more farm electric lighting plants than any other manufacturer. Over 21 acres of floor space are occupied by the great Delco-Light Factories at Dayton. Whole carloads leave these factories daily, carrying Delco-Light Plants destined to brighten farm homes far and wide throughout the land.

Over 4,000 skilled installation men are daily wiring homes and installing these plants in all parts of the country. Such quantity production and such unparalleled installation facilities enable the Delco-Light Company to offer for the first time this wonderfully low, installed price for the most popular farm-size Delco-Light Plant.

Never before has there been such a splendid opportunity to equip your farm with electric light and power. Delco-Light will make your home a better, brighter place in which to live and work. You can make the housework easier for the women. You can make life happier for the children. You can save labor and increase profits for yourself.

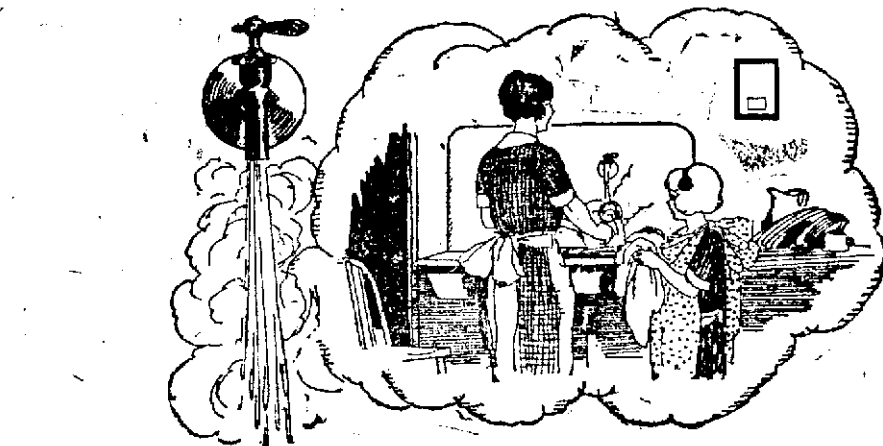

You've wanted a Delco-Light Plant. You need a Delco-Light Plant. Here is your opportunity.

LEAGUE OF WOMAN VOTERS
PLAN TO ORGANIZE LOCAL
CHAPTER IN THE CITY SOON

Three representatives of the National League of Women Voters met in La Crosse Tuesday to confer with local women in an attempt to arouse interest in the League which has no local chapter. The three women were Mrs. W. Z. Stewart of the Wisconsin State president of the League, Miss Florence Harrison of Minneapolis and Mrs. Paul Rittenhouse of Chicago, representatives of the 4th and 5th regions.

The League of Women Voters is a national organization, composed of forty-seven state leagues, and governed by a Board of thirteen officers and directors, elected at an annual convention.

The purpose of the League is to train and equip women voters. The organization came into existence to meet a special emergency in American life. Over twenty million women came into the electorate at a time when American democracy was going through one of its hardest tests. Along with the disillusionment which followed the war there has been unrest and misgiving as to whether democracy itself is really functioning, and many thoughtful people believe that the apathy of the average voter towards his government is the most serious problem that we face.

The advent of twenty million new voters must affect this situation for good or ill. The fact that these new voters have as yet no political habits, and are as yet not apathetic, but eager and willing to learn may make the women vote of enormous value to the country. In addition to this the women have more leisure and perhaps are more idealistic than men, and are not at least disillusioned yet. To utilize this potential force, to train and equip these new voters to

LADIES DAY AT THE COUNTRY CLUB MOST ENJOYABLE AFFAIR

ON LADIES' DAY at the Country club seventy-five guests enjoyed the noon-day luncheon Wednesday. Of this number for the most part only small groups were entertained. Those having a larger number of guests were Mrs. Joseph B. Funke, twenty guests; Mrs. Lloyd Lamb, ten; Mrs. W. H. Sanders and Mrs. A. C. Millington, nine. The afternoon was enjoyably spent playing cards. Thirty-five lady golfers were served luncheon on Tuesday. Monday fifteen men were guests at both luncheon and dinner.

MRS. IDA W. Fredericks, who has spent several weeks at the home of her parents, Mr. and Mrs. Charles White at Stoddard, left for Milwaukee, where she will resume her duties as principal of the Irving school.

THE WOMAN'S Union of the First Congregational church meets for the first time this fall at the church parlors, Tuesday evening at 7:30 o'clock. The members of the September Circle will be the hostesses at this time.

THE STANDARD Bearer Society of the Salzer Memorial church held its annual meeting for the election of officers Tuesday evening at the church parlors. Reports given indicate that it has had a successful year. The society held ten literary meetings, one being especially interesting on account of a prize contest, eight young women presenting essays on "Lifting". The society raised about \$15. for missionary purposes. Plans are being laid for its annual picnic to be held September 15. The following officers were elected: President—Miss Alice Grubeln, Vice President—Miss Vera Thiel, Recording secretary—Miss Elsie Engelke, Treasurer—Miss Ella Wortman, Chairman of program committee—Mrs. Harold Panzian, Chairman of a book out committee—Mrs. Martha Panzian Hoffschild, Chairman social committee—Miss Frieda Gebel, Superintendent of mite boxes—Miss Ellen Salzer, Organist—Miss Gertrude Seizer, Supervisor—Mrs. Clara Salzer.

MISS ESTHER M. Hays, 713 1/2 Rose street, left Wednesday morning for a trip through the west, visiting friends at Portland and Seattle. She will return October 1st.

MISS MARION Dawson left Sunday for La Crosse, near Chicago, where she will head the science department of the High school.

THE REGULAR singing meeting of the Ladies Aid society of the First Methodist church, which should be held on Thursday of this week, has been postponed on account of the activities of conference meetings.

THE LADIES Aid society of St. Paul's Lutheran church will hold its regular meeting Thursday afternoon at the church parlors. The entertainers will be Mrs. Arnold Steen, Mrs. Emil Evensen and Mrs. Carl Torsrud. Every member is asked to attend.

MR. AND MRS. CHARLES Franz, 1535 Kane street, have returned from a motor trip: visiting Kitchener, and Toronto, Ont. Niagara Falls, Buffalo, Detroit, Chicago and the Delta of Wisconsin.

MRS. EDWARD Scharring has returned to Casshton after visiting at the home of Mrs. H. C. Rick, 1632 Prospect street.

THE REGULAR meeting of John Flynn Relief Corps, No. 25, will be held Thursday afternoon at half past two at the club rooms, 726 Copeland avenue.

MISS ALICE Ferguson returned to Menomonie Tuesday evening after visiting relatives and friends here for a few days.

AFTER SPENDING several days in the city, Miss Lillian Tucker left Tuesday for her home at Cedar Rapids, Ia.

MRS. EDWARD T. Thompson and children, Ellen and Gordon, who have been guests during the summer at the home of Mrs. Thompson's parents, Mr. and Mrs. P. Thilman, 211 North Twentieth street, left Wednesday morning to join Mr. Thompson at Appleton.

MRS. H. J. ROTH and daughter, Vivian, have returned from a week's visit with friends at the Twin Cities.

MISS BERNEICE Gundolf, daughter of Mr. and Mrs. S. J. Gundolf, 827 South Eighth street has gone to St. Louis, where she will attend school.

PERSONAL SATISFACTION

The measure of our service is not simply its concrete elements. Quality for instance has a character not estimated alone by size, shape or substance. To any three dimensions of service, one must add a fourth. The satisfaction it affords. It is our intention to work with unremitting energy and intelligence to give to the trade we serve the highest measure of PERSONAL SATISFACTION.

Our many year of service to the people of La Crosse and the fact we handle nothing but the best coals at exceptional values should warrant your patronage.

BARGE LA CROSSE ARRIVES HERE ON FIRST TRIP NORTH

Freight Carrying Boat Has Successful Voyage Up River from St. Louis

NO TROUBLE ENCOUNTERED BECAUSE OF LOW WATER

Unloads Furniture Here and Proceeds on Way to St. Paul

Making its maiden trip between St. Louis and St. Paul, the freight barge "La Crosse" docked at the local levee at 7:45 Monday night, and pulled out at 9:30 Tuesday morning. The barge is in charge of Captain Arthur L. Quinn of this city, and J. S. Brod is the engineer.

Although the barge is a day or so late in schedule, no trouble has been encountered due to the low water, according to Captain Quinn. When loaded to capacity, the boat draws about four feet of water. It is capable of carrying about 150 tons of freight, or about five carloads, and makes about six miles an hour. The barge has a derrick for the loading of heavy freight, power for which is furnished by a gasoline engine.

The barge La Crosse is the first of a fleet of four boats constructed by the Midwest Boat company of Grafton, Ill. The Winona, the Hennepin and the Ramsey are still under construction, and the last named boat is expected to be on the water in about ten days.

The La Crosse discharged a truck load of household furniture here, shipped from Burlington, Iowa, and then left for St. Paul, intending to stop for freight at most of the river towns along the way.

SIX STACKS OF OATS BURNED
LAKE REXTON, Minn.—Lightning struck a setting of six stacks of oats on the E. L. Williams farm east of here and burned them to the ground. A setting of 12 stacks and the buildings on the Williams place were saved from the flames.

VETERAN ATTORNEY DIES
DULUTH, Minn.—William W. Tillson, aged 76, former widely known Duluth attorney, is dead at Long Beach, Calif. He is survived by Mrs. Tillson and a son, Harold J.

Many of your friends and neighbors are going to take advantage of that 25¢ excursion on the Washington to Lansing September 8th. The last one this season. —Advertisement.

MOVIES

"GARRISON'S FINISH"
Dorothy Manners, who appears in support of Jack Pickford in his latest photoplay triumph, "Garrison's Finish," playing at the Riviera theatre today and Thursday, is two things simultaneously and constantly—charming and ambitious.

It was while she was playing on the musical comedy stage that Miss Manners first took the notion to enter motion picture work and she hastened to Hollywood. Her natural charm was such that she experienced no difficulty in getting small parts in various pictures at the inception and then she got more important work to do. The favorable impression she created brought about her selection for her present role in "Garrison's Finish."

STRAND TODAY
There has been an insistent demand on the part of motion picture patrons for photoplays of the red-blooded type, telling a modern up-to-date story and portrayed by real men and women. Lovers of this type of picture will find what they seek in "The Rapids," which comes to the Strand theatre today.

Unlike many of the wishy-washy motion pictures which have come to the screen in recent years, "The Rapids" is genuine and sincere. It is a real red-blooded drama of great deeds and a wonderful love. It tells a logical and convincing story and contains plenty of heart throbs, action and thrills.

In the cast are Harry T. Morey, Mary Astor, Walter Miller, Harland Knight, Charles Slattery, Edwin Forsberg, Jack Newton, Charles Wellesley, John W. Dillon, Peggy Rice and Frank Andrews.

"MIDNIGHT GUEST"
Three players well cast add to the strength of "The Midnight Guest," which opened at the Majestic theatre last night, with characterizations of

three of the most distinct types of people in the world.
Mahlon Hamilton as the cynic, Clyde Fillmore as the optimist and beautiful Grace Diamond as the woman of the story are the three principal players in the truly all star cast of "The Midnight Guest." Their performances in the past is sufficient assurance without comment that their performances are pleasing.

Rupert Julian, a featured director at Universal City in charge of the spectacular "Merry-Go-Round," wrote the story. George Archainbaud, a French artist of proven ability was commissioned to direct the production.

HELEN EDDY IN BIG FLOOD SCENE AT CASINO
Millions of tons of surging water crashing through the valley; homes swept away; farms engulfed; cattle and sheep drowned by the hundreds; mammoth trees uprooted and sent careening down the smashing torrent—all these phases of tragedy followed in the wake of the devastating flood that forms the big thrill episode in Helen Jerome Eddy's first big independent starring production "When Love Comes."

to be shown at the Casino theatre today.
Imagine the startling contrast between the love scenes of rural beauty and the stark tragedy of the catastrophe that swept the little village of Munro.
All these combine to make Miss Eddy's first starring venture an occasion that merits the attention of theatregoers throughout the country. It is fine, clean, wholesome romance, with Miss Eddy, as the girl, and Harrison Ford, as the boy. The story deals with plain country folk. There are no frills, such as wild night life in cabarets.

"GAS, OIL AND WATER"
Gasoline carries Charles Ray a long way in "Gas, Oil and Water" by motorcycle, automobile and aeroplane. One of the most exciting incidents of the story is when he has to steal a ride in the outlaws' machine. "Hitching on" to the spare tire carried in the rear of the car.
When the smugglers stop the machine and then drive it into the bushes to change license number, Ray

has to make a get-away in record time and then regain his perch before he is discovered. A similar emergency confronts him when the outlaws arrive at their destination and drive the car into the hangout almost before the star can realize what is happening and prepare to escape.
"Gas, Oil and Water" will be the special feature at the Majestic theatre Thursday.

FARMERS DO OWN WORK
MINOT, N. D.—North Dakota farmers are making every effort this year to get along with as little harvest and threshing as possible, according to Joseph A. Kitchen, state commissioner of agriculture and labor. As a result, there is a plentiful supply of labor in practically every portion of the state, the labor official said.

**PRIEST COLLIDES
WITH TROLLEY, CAR**

Traffic on Main street was held up

About 5 o'clock Tuesday when the Maxwell couple of Rev. Hilary Leuther, pastor of St. John's church, struck a street-car, disabling the auto. It suffered a badly twisted axle and wheel, but Father Leuther was unhurt. The crowd with the aid of "Louie" Lavague literally carried the car to the side and the traffic jam broke up.

Friday and Saturday, Sept. 14 and 15, when he will appear in his latest and biggest success "Jack of Hearts," written for him by DeWitt Newman, in offering this play to his loyal following Mr. O'Hara had in mind the amusement seekers who delight in a wholesome comedy, wherein is depicted a generous supply of flashing wit, delicious humor and just enough pathos to lend dramatic intent. There are some unusual characters employed and for the purpose of telling a good and original story of disappointment.

intrigue, love and reward. None understand the value of entrusting such characters to competent actors better than Mr. O'Hara who invariably surrounds himself with stage associates who are absolutely dependable. Mr. O'Hara's new songs never fail to captivate.

SAYS GUBERNATORIAL RACE LIES BETWEEN COMINGS AND BLAINE

Little Chance for Third Progressive Candidate Declares Comings' Manager

COMINGS WILL INDULGE IN NO "MUD-SLINGING" SAYS PLATT

To Wage Fight on Merit Alone; Bob Not to Interfere

MADISON, Wis.—There is little chance for success of a third progressive candidate for the governorship in the next election according to Chester Platt, campaign manager of Lieut. Gov. George Comings.

As Mr. Platt sees the coming fight, the race for progressive leadership in the state will be between Comings and Blaine and he is enthusiastic over the support shown for Mr. Comings so far.

Mr. Comings as a farmer candidate will have the united support of the laboring people, Mr. Platt predicts.

He also asserts that the Women's Progressive organizations will back Comings in the coming struggle. Miss Ada James and other women leaders of southern Wisconsin have promised their support and letters have been written to practically all similar women's organizations in other sections asking for their support.

Mr. Comings will go through his campaign the way he has started it without any "mud slinging" and expects to wage the entire fight on merits alone, according to Mr. Platt.

Senator Robert M. La Follette will leave Wisconsin progressives choose their own candidate without interfering, Mr. Platt predicts. He asserted that Mr. Comings would have a formidable array of support behind him by the time the senator returns from Europe. He cited instances of leading progressives holding off in their support of candidates until they find out what the senator is going to do when he gets back.

The prevailing belief that the Gross-Dahl-Severson group would pick a candidate of their own to oppose Comings on the dry-progressive ticket is scouted by Mr. Platt. Regardless of what individual intentions have been on that point, he declared that he does not believe that there will be another candidate from the progressive ranks.

The fact that well known progressive enemies of Gov. Blaine have given voice to no expression of endorsement of Comings, Mr. Platt interprets as a mere waiting for the senator's return rather than holding off for another candidate to enter the field later.

Reports from Milwaukee that there will be a firm attempt to have Mr. Comings retire from the race in favor of some candidate to be groomed under the screen of Senator Severson's bombardment are considered improbable of success. It is reported that an entire slate has already been decided upon by the Gross-Severson-Dahl faction on which each of those men would hold an important position.

Apparently Blaine has continued serenely on his way as governor with slight attention to the gubernatorial race. There has been no intimation of when he will become active in the campaign.

It's cheaper than staying at home—That all day bargain excursion to Lansing, Saturday, September 18th—Round trip for only 35c.—Advertisement.

THRESHING SETS RECORD
SIOUX FALLS, S. D.—The farmers of South Dakota have made an unusual record in their threshing operations. They have pushed the work so fast and have been favored by the weather that the threshing season now is nearly completed, where in former years the setting in of winter has caught farmers with their threshing far from being completed.

VERNON COUNTY NORMAL SCHOOL OPENED MONDAY

New Term Begins at Viroqua With a Record Enrollment, More to Follow

VIROQUA, Wis.—The Vernon county normal opened Monday morning with the largest enrollment in the history of the school. Fifty-two students had enrolled by noon. Others will enter during the week. There are many high school graduates among the number. The number of high school students entering the normal after graduation increases each year.

The names of the pupils follow: Flossie Henry, Nora Olsen, Rhoda Krogan, Ruth Hill, Edith Gray, Vera Steinmetz, Beatrice Brown, Bonnie Pepper, Mildred Outcalt, Leone Grimsrud, Margery McGarry, Hazel Lake, Theresa Nelson, Louise Hanson, Rhoda Mellem, Angella Mead, Reulah Holmestad, Gertrude Nordlie.

Hilda Blyhove, Ragnhild Hangerud, Mabel Lewison, Jessie Jacobs, Blanche Moore, Edna Limosech, Esther Langard, Alvina Ristow, Nina Noggle, Iva Manley, Edith Mauley, Helen Hutchison, Jennie Johnson, Emma Gutch, Ruth Ellefsen, Gladys Olson, Elfrida Olson, Ida Brewer, Harrieta Spencer, Dorothy Telde, Violet Silbaugh, Josephine Potter, Grace Brewer, Chris Hanson, Milburn Shreve, Owen Sherry, Ralph Mills, Ervin Hultseder, Leonard Larson, Cecil Kellogg, Peder Solverson, Madella Brown. A feature of this year's enrollment is the increased number of boy students, there being seven. Other years there have been two and three. The names of the normal faculty follow: C. L.

MADISON, Wis.—The Bailey-Kasson company, Chicago, has been awarded the contract for building the new Piper hotel here, to cost \$750,000. The building is to be ready for occupancy by next June.

J. E. KEIZER BACK FROM MOTOR TRIP TO YELLOWSTONE

J. E. Keizer, assessor of incomes, has returned to his duties after several weeks spent in touring Yellowstone national park by motor. Mr. Keizer was accompanied by Mrs. Keizer and his daughter and son-in-law, Mr. and Mrs. Will Malone of Danbury, Wis., and children. The party covered 3,000 miles from the time they left La Crosse until they returned. Mr. Keizer drove to the top of Mt. Washburn, 10,100 feet above sea level, the highest point in the park. On the return, the party crossed the Big Horn mountains. It was some grind for cars to make the

top of Washburn," said Mr. Keizer. "The cars travel on low, use a great deal of water. You can see an extra supply of water when the cars are boiling like steam when they reach the top."
